<b>E</b>		<b>Visitor Reports</b>

	2	Website improvement: Chadwick Design. <i>Discussion on options. It was agreed to set up a working group to decide upon features required for the Council website. The Working Group would be composed of all Councillors and the Clerk. It was agreed that Phil Broughton, Harry Brassey, Martin Bloom and the Clerk would create a discussion agenda.</i>
	3	Ward Councillor's report. <i>Boundary Commission has recommended a new very large ward covering the City's northern parishes. City Councillors representing these parishes have agreed to represent the case against the Commission's recommendations. Nationally the Commission only agrees to three councillor wards. However, Nottingham recently, has been allowed to have a one councillor ward. It is suggested that all interested residents go to the City Council website and make individual comments as these carry the most weight.</i> <i>Railway crossings changes: The Network Rail proposed scheme would lead to an increase in traffic travelling through Barnack by approximately 50%. Additional housing at Helpston as a consequence of the railway being bridged would in turn, lead to even more traffic using Barnack's roads.</i> <i>Broadband: Gigaclear and BT are presently vying to supply an improved service.</i> <i>Police: I am now a member of the police authority. A recent visit to the 101 operations centre, revealed that it was well equipped but short of staff.</i> <i>Having been Mayor of Peterborough for about 3 months, it is a busy life. An example of the Mayor's diary for just one day: Thursday this week consists of, a pre-diary meeting, followed by a diary meeting, a visit to RAF Wittering, a visit by local students to the Mayor's Parlour, attendance at Kings School Speech Day, a visit to Peterborough Cathedral and then a visit to an environmental centre!</i>

## **Addendum: New financial regulations**

In order to comply with recent changes in the legislation, the following measures were agreed:

1. A Financial Working Group will be formed to produce budgets and financial risk assessments, and carry out annual reviews of our financial procedures, investment policy and charges (e.g. for the cemetery).
2. At least four Councillors will be authorised to sign cheques and make internet payments. Two Councillors will authorise each payment. The Clerk will not continue to have the power to make payments.
3. Arrangements will be made for all Councillors to have internet access to the financial records.
4. Because Barclays Bank does not provide the facilities we need in order to comply with the new regulations, we will set up accounts with the Unity Trust Bank. However, we will leave a substantial sum in a saver account with Barclays Bank, as its interest rates are higher. [Transfer of money from this account will require two councillor signatures.]
5. Financial limits are set as follows:
  - a) The Clerk is authorised to make transfers between the Council's Unity Trust accounts of up to £5,000.00.
  - b) For any contract for supply of goods or materials or the execution of works worth over £100,000.00, a full tendering process will be undertaken.
  - c) For any contract worth between £1,000.00 and £100,000.00, three quotations (priced descriptions) will be obtained.
  - d) For any contract worth between £100.00 and £999.99, we will strive to obtain three estimates.
  - e) For any contract or purchase of goods worth less than £100.00, an estimate will not be required [although we will ensure as far as reasonable and practicable that the best available terms are obtained].
